*Subject index**

A

Abstracts
Abstracts. 1990;12:110-2, 224-6, 377-8, 508-10, 637-8, 764-6
Academic award; *see* **Awards and prizes**
Adenine nucleotides, metabolism
The effect of ischemia/reperfusion on adenine nucleotide metabolism and xanthine oxidase production in skeletal muscle (Lindsay et al). 1990;12:8-15
Adrenal cortex hormones
Efficacy of corticosteroids in suppression of intimal hyperplasia (Gilling-Smith and Mansfield) (Letter); (Moore and Chervu) (Reply). 1990;12:632-3
Adrenergic alpha receptor blockaders
The effects of cooling on human saphenous vein reactivity to adrenergic agonists (Harker et al). 1990;12:45-9
Advertising
A plea for truth in advertising (Perler). 1990;12:373-4 (Letter)
Amputation
The Syme amputation: success in elderly diabetic patients with palpable ankle pulses (Francis et al). 1990;12:237-40
Anaphylaxis
Anaphylactoid reactions to vascular graft material presenting with vasodilation and subsequent disseminated intravascular coagulation (Reddy). 1990;12:766 (Abstract)
Anastomosis, surgical
Composite femoropopliteal bypass: a new method of centered end-to-end anastomosis between polytetrafluoroethylene and autologous vein with a diameter discrepancy (Merlini). 1990;12:759-60 (Letter)
Steady and pulsatile flow fields in an end-to-side arterial anastomosis model (Ojha et al). 1990;12:745-51
Anastomosis, surgical, animal
Does the end-to-end venous anastomosis offer a functional advantage over the end-to-side venous anastomosis in high-output arteriovenous grafts? (Fillinger et al). 1990;12:674-88
Experimental and early clinical evaluation of vascular anastomoses with argon laser fusion and the use of absorbable guy sutures: a preliminary report (White et al). 1990;12:401-8
Anesthesia
Anesthesia for vascular surgery (Sprague). 1990;12:507 (Book rev.)
Cerebral blood flow and metabolism in patients undergoing anesthesia for carotid endarterectomy (Bandyk). 1990;12:509-10 (Abstract)
Aneurysm
Abdominal aortic aneurysm and coronary artery disease: frequent companions, but an uneasy relationship (Freeman et al). 1990;12:73-7 (Editorial)
Abdominal aortic aneurysm associated with aortic hypoplasia and polycystic kidneys (Goeau-Brissonniere et al). 1990;12:504-5 (Letter)
Abdominal aortic aneurysms infected with salmonella: problems of treatment (Trairatvorakul et al). 1990;12:16-9
Aneurysms of the inferior vena cava (Sweeney et al). 1990;12:25-7
Atherosclerosis and aneurysm disease (Tilson). 1990;12:371-2 (Editorial)
A clinicopathologic study of aneurysm formation of glutaraldehyde-tanned human umbilical vein grafts (Dardik and Turner) (Letter); (Miyata and Tada) (Reply). 1990;12:221-2
Hematuria is an indication of rupture of an abdominal aortic aneurysm into the vena cava (Salo et al). 1990;12:41-4
Infected solitary iliac artery aneurysm (Asplund and Molinaro). 1990;12:219-20 (Letter)
Inflammatory abdominal aortic aneurysm masquerading as occlusion of the inferior vena cava (Braxton et al). 1990;12:527-30
Influence of coronary artery disease on morbidity and mortality after abdominal aortic aneurysmectomy: a population-based study, 1971-1987 (O'Mara). 1990;12:765-6 (Abstract)
Primary aortoesophageal fistula from aortic aneurysm: successful surgical treatment by use of omental pedicle graft (Coselli and Crawford). 1990;12:269-77
Primary popliteal venous aneurysm with recurrent pulmonary emboli (Grice et al). 1990;12:316-8
Retrograde aortic dissection with bilateral renal artery occlusion after repair of infrarenal aortic aneurysm (Strichartz et al). 1990;12:56-9 (Case rep.)
Ruptured ovarian artery aneurysm: a case report (King). 1990;12:190-3 (Case rep.)
Syndrome de la fesse battante. (Pulsatile buttock syndrome) (Ricco). 1990;12:110 (Abstract)
Unusual aspects of aortovenous fistulas associated with ruptured abdominal aortic aneurysms (Calligaro et al). 1990;12:586-90 (Case rep.)
The value of computed tomography in the management of symtomatic abdominal aortic aneurysms (Kvilekval et al). 1990;12:28-33
Visualization and finite element analysis of pulsatile flow in models of the abdominal aortic aneurysm (Lawrence). 1990;12:638 (Abstract)
Aneurysm, animal
Aneurysm formation in experimental atherosclerosis: relationship to plaque evolution (Zarins et al). 1990;12:246-56
Aneurysm, dissecting
Retrograde aortic dissection with bilateral renal artery occlusion after repair of infrarenal aortic aneurysm (Strichartz et al). 1990;12:56-9 (Case rep.)
Angina, unstable
Combined coronary artery bypass grafting and bilateral renal revascularization for unstable angina and impending renal failure (McCready et al). 1990;12:241-5
Angiogenesis; *see* **Neovascularization**
Angiography
Angiographic criteria for prediction of early graft failure of secondary infrainguinal bypass surgery (Karacagil et al). 1990;12:131-8
Duplex scanning of normal or minimally diseased carotid arteries: correlation with arteriography and clinical outcome (Zierler et al). 1990;12:447-55
Angioplasty, transluminal
Expanded indications for laser-assisted balloon angioplasty in peripheral arterial disease (Diethrich) (Letter); (Harrington et al) (Reply). 1990;12:760-1
Fluorescence-guided laser-assisted balloon angioplasty in patients with femoropopliteal occlusions (White). 1990;12:637 (Abstract)
Intraoperative peripheral Nd:YAG laser-assisted thermal balloon angioplasty: short-term and intermediate-term follow-up (AbuRahma et al). 1990;12:566-72 (Case rep.)

*July, pp. 1-112; August, pp. 113-226; September, pp. 227-378; October, pp. 379-510; November, pp. 511-638; December, pp. 639-792.

Angioplasty, transluminal, percutaneous coronary
Postcatheterization vascular complications associated with percutaneous transluminal coronary angioplasty (Oweida et al). 1990;12:310-5
Angioscopy; *see* **Microscopy**
Angiotensin-converting enzyme; *see* **Kininase III**
Anoxia
One hundred percent oxygen reverses muscle hypoxia in a rat hindlimb model of acute arterial occlusion (Schroder et al). 1990;12:665-73
Anticoagulants
Lupus-like anticoagulants and lower extremity arterial occlusive disease (Ricotta). 1990;12:509 (Abstract)
Thrombus propagation and level of anticoagulation (Strandness). 1990;12:497-8 (Editorial)
Antithrombin III
Antithrombin III plus low-dose heparin in prophylaxis of deep vein thrombosis after total hip and total knee replacement (Francis). 1990;12:209-10(Special comm.)
Clinical aspects of hypercoagulable states (Towne). 1990;12:205-7 (Special comm.)
Aorta, abdominal
Abdominal aortic aneurysm and coronary artery disease: frequent companions, but an uneasy relationship (Freeman et al). 1990;12:73-7 (Editorial)
Abdominal aortic aneurysm associated with aortic hypoplasia and polycystic kidneys (Goeau-Brissonniere et al). 1990;12:504-5 (Letter)
Abdominal aortic aneurysms infected with salmonella: problems of treatment (Trairatvorakul et al). 1990;12:16-9
Hematuria is an indication of rupture of an abdominal aortic aneurysm into the vena cava (Salo et al). 1990;12:41-4
Inflammatory abdominal aortic aneurysm masquerading as occlusion of the inferior vena cava (Braxton et al). 1990;12:527-30
Unusual aspects of aortovenous fistulas associated with ruptured abdominal aortic aneurysms (Calligaro et al). 1990;12:586-90 (Case rep.)
The value of computed tomography in the management of symtomatic abdominal aortic aneurysms (Kvilekval et al). 1990;12:28-33
Visualization and finite element analysis of pulsatile flow in models of the abdominal aortic aneurysm (Lawrence). 1990;12:638 (Abstract)
Aorta, abdominal, surgery
Combined aortic and visceral arterial reconstruction: risks and results (Atnip et al). 1990;12:703-13
Influence of coronary artery disease on morbidity and mortality after abdominal aortic aneurysmectomy: a population-based study, 1971-1987 (O'Mara). 1990;12:765-6 (Abstract)
Transaortic endarterectomy of renal visceral artery lesions in association with infrarenal aortic surgery (Mason et al). 1990;12:695-702
The value of pulmonary artery and central venous monitoring in patients undergoing abdominal aortic reconstructive surgery: a comparative study of two selected, randomized groups (Isaacson et al). 1990;12:752-8
Aorta, surgery
Effect of sodium nitroprusside on spinal cord perfusion and paraplegia during aortic cross clamping (Williams). 1990;12:637-8 (Abstract)
Postoperative dilation of knitted Dacron aortic bifurcation graft (Nunn et al). 1990;12:291-7
Transperitoneal versus retroperitoneal approach for aortic reconstruction: a randomized prospective study (Doblas) (Letter); (Cambria) (Reply). 1990;12:505-6
Aorta, thoracic
A rapid, accurate, noninvasive technique for diagnosing critical and subcritical stenoses in aortoiliac arteries (Sawchuk et al). 1990;12:158-67
Aortic aneurysm
Abdominal aortic aneurysm and coronary artery disease: frequent companions, but an uneasy relationship (Freeman et al). 1990;12:73-7 (Editorial)
Abdominal aortic aneurysm associated with aortic hypoplasia and polycystic kidneys (Goeau-Brissonniere et al). 1990;12:504-5 (Letter)
Abdominal aortic aneurysms infected with salmonella: problems of treatment (Trairatvorakul et al). 1990;12:16-9
Hematuria is an indication of rupture of an abdominal aortic aneurysm into the vena cava (Salo et al). 1990;12:41-4
Inflammatory abdominal aortic aneurysm masquerading as occlusion of the inferior vena cava (Braxton et al). 1990;12:527-30
Influence of coronary artery disease on morbidity and mortality after abdominal aortic aneurysmectomy: a population-based study, 1971-1987 (O'Mara). 1990;12:765-6 (Abstract)
Primary aortoesophageal fistula from aortic aneurysm: successful surgical treatment by use of omental pedicle graft (Coselli and Crawford). 1990;12:269-77
Retrograde aortic dissection with bilateral renal artery occlusion after repair of infrarenal aortic aneurysm (Strichartz et al). 1990;12:56-9 (Case rep.)
Unusual aspects of aortovenous fistulas associated with ruptured abdominal aortic aneurysms (Calligaro et al). 1990;12:586-90 (Case rep.)
The value of computed tomography in the management of symtomatic abdominal aortic aneurysms (Kvilekval et al). 1990;12:28-33
Visualization and finite element analysis of pulsatile flow in models of the abdominal aortic aneurysm (Lawrence). 1990;12:638 (Abstract)
Aortic diseases
Transaortic endarterectomy of renal visceral artery lesions in association with infrarenal aortic surgery (Mason et al). 1990;12:695-702
Aortic dissection; *see* **Aneurysm, dissecting**
Aortic reconstruction; *see* **Aorta, surgery**
Aortic rupture
Hematuria is an indication of rupture of an abdominal aortic aneurysm into the vena cava (Salo et al). 1990;12:41-4
Unusual aspects of aortovenous fistulas associated with ruptured abdominal aortic aneurysms (Calligaro et al). 1990;12:586-90 (Case rep.)
Aortoesophageal fistula; *see* **Esophageal fistula**
Aortoiliac occlusive disease; *see* **Arterial occlusive diseases**
Aortoiliac stenoses; *see* **Arterial occlusive diseases**
Argon
Experimental and early clinical evaluation of vascular anastomoses with argon laser fusion and the use of absorbable guy sutures: a preliminary report (White et al). 1990;12:401-8
Arm
An atlas of surgical exposures of the upper extremity (Timmons). 1990;12:763 (Book rev.)
Complex upper extremity vascular trauma in an urban population (Myers et al). 1990;12:305-9
Arterial occlusive diseases
Combined aortic and visceral arterial reconstruction: risks and results (Atnip et al). 1990;12:703-13
Doppler color-flow images from a stenosed arterial model: interpretation of low patterns (Rittgers and Shu). 1990;12:511-22
Extraperitoneal endarterectomy for iliofemoral occlusive disease (Vitale and Inahara). 1990;12:409-15
Fluorescence-guided laser-assisted balloon angioplasty in patients with femoropopliteal occlusions (White). 1990;12:637 (Abstract)
Indications for distal arterial reconstruction in the presence of palpable pedal pulses (Rivers et al). 1990;12:552-7
Indirect revascularization of the lower extremity by means of

Arterial occlusive diseases—cont'd
microvascular free-muscle flap—a preliminary report (Shestak et al). 1990;12:581-5 (Case rep.)
Interruption of critical aortoiliac collateral circulation during nonvascular operations: a cause of limb-threatening ischemia (Dietzek et al). 1990;12:644-51
Lupus-like anticoagulants and lower extremity arterial occlusive disease (Ricotta). 1990;12:509 (Abstract)
One hundred percent oxygen reverses muscle hypoxia in a rat hindlimb model of acute arterial occlusion (Schroder et al). 1990;12:665-73
Popliteal artery occlusion caused by cystic adventitial disease: successful treatment by urokinase followed by nonresectional cystotomy (Samson and Willis). 1990;12:591-3 (Case rep.)
A rapid, accurate, noninvasive technique for diagnosing critical and subcritical stenoses in aortoiliac arteries (Sawchuk et al). 1990;12:158-67
Variability of Doppler ophthalmic pressure index with occlusive carotid artery disease (Strauss and Rieger). 1990;12:50-5
Arteries, injuries, animal
Cyclosporine inhibits the development of medial thickening after experimental arterial injury (Wengrovitz et al). 1990;12:1-7
Arteries, physiopathology
Efficacy of corticosteroids in suppression of intimal hyperplasia (Gilling-Smith and Mansfield) (Letter); (Moore and Chervu) (Reply). 1990;12:632-3
Arteries, surgery
Indications for distal arterial reconstruction in the presence of palpable pedal pulses (Rivers et al). 1990;12:552-7
Arteriosclerosis
Atherosclerosis and arteriosclerosis: human pathology and experimental animal methods and models (Krupski). 1990;12:635 (Book rev.)
Carotid arteriosclerosis in identical twins discordant for cigarette smoking (Hallett). 1990;12:226 (Abstract)
Arteriosclerosis, animal
Mechanisms responsible for inhibition of vein-graft arteriosclerosis by fish oil (Webster). 1990;12:110-1 (Abstract)
Arteriovenous anastomosis, animal
Does the end-to-end venous anastomosis offer a functional advantage over the end-to-side venous anastomosis in high-output arteriovenous grafts? (Fillinger et al). 1990;12:674-88
Arteriovenous fistula
Syndrome de la fesse battante. (Pulsatile buttock syndrome) (Ricco). 1990;12:110 (Abstract)
Arteritis
Intraabdominal hemorrhage as a result of segmental mediolytic arteritis of an omental artery: case report (Heritz et al). 1990;12:561-5 (Case rep.)
Arteritis, Takayasu; *see* **Takayasu syndrome**
Aspirin
The effect of thromboxane receptor blockade versus thromboxane synthase inhibition on canine arterial graft patency (Bech et al). 1990;12:119-25
Thromboxane inhibition and vascular thrombosis (Cronenwett). 1990;12:203-5 (Special comm.)
Atheroemboli; *see* **Embolism, fat**
Atherosclerosis
Angiogenic activity of the atherosclerotic carotid artery plaque (Turnipseed). 1990;12:378 (Abstract)
Atheroemboli to the lower urinary tract: a marker of atherosclerotic vascular disease—a case report (Sussman et al). 1990;12:652-4
Atherosclerosis and aneurysm disease (Tilson). 1990;12:371-2 (Editorial)
Atherosclerosis and arteriosclerosis: human pathology and experimental animal methods and models (Krupski). 1990;12:635 (Book rev.)
Atherosclerosis, animal
Aneurysm formation in experimental atherosclerosis: relationship to plaque evolution (Zarins et al). 1990;12:246-56
Atrium; *see* **Heart atrium**
Autologous endothelial cells; *see* **Cells, cultured**
Awards and prizes
Academic award in systemic and pulmonary vascular disease (Hoak). 1990;12:194 (Special. comm.)
Axillary artery
Clinical results of axillobifemoral bypass using externally supported polytetrafluoroethylene (Harris et al). 1990;12:416-21

B

Balloon angioplasty; *see* **Angioplasty, transluminal**
Balloon dilatation, adverse effects
Malfunction of a double-balloon carotid shunt as a result of herniation of the proximal balloon (Eidt et al). 1990;12:62-4 (Case rep.)
Biologic products
Immunologic response to collagen-impregnated vascular grafts: a randomized prospective study (Barber et al). 1990;12:739-44
Bioprosthesis
A clinicopathologic study of aneurysm formation of glutaraldehyde-tanned human umbilical vein grafts (Dardik and Turner) (Letter); (Miyata and Tada) (Reply). 1990;12:221-2
Blood circulation
Physical examination of the heart and circulation, 2nd ed. (Blebea). 1990;12:109 (Book rev.)
The return of blood to the heart (Sottiurai). 1990;12:376 (Book rev.)
Blood coagulation
Thrombin after clot formation (Fenton and Ofosu). 1990;12:195-6 (Special comm.)
Blood coagulation disorders
Clinical aspects of hypercoagulable states (Towne). 1990;12:205-7 (Special comm.)
Free protein S deficiency in a family with venous thrombosis (Lauer et al). 1990;12:541-4
Hypercoagulability in arterial thrombosis: new perspectives from epidemiologic studies (Wu). 1990;12:208 (Special comm.)
Blood flow velocity
Implantable sensor for intraoperative and postoperative monitoring of blood flow: a preliminary report (Rabinovitz et al). 1990;12:148-57
Pulsed Doppler ultrasound system for the measurement of velocity distributions and flow disturbances in arterial prostheses (Blackshear). 1990;12:226 (Abstract)
Blood platelets
Blood contact activation during cardiopulmonary bypass (Edmunds). 1990;12:213-4 (Special comm.)
Platelet materials interaction (Harker). 1990;12:214-6 (Special comm.)
Blood pressure
Significance and management of inflow gradients unexpectedly generated after femorofemoral, femoropopliteal, and femoroinfrapopliteal bypass grafting (Gupta et al). 1990;12:278-83
Blood proteins
The role of plasma proteins in platelet activation by artificial surfaces (Lindon). 1990;12:216-7 (Special comm.)
Blood vessel prosthesis
Clinical results of axillobifemoral bypass using externally supported polytetrafluoroethylene (Harris et al). 1990;12:416-21
Disruption of externally supported knitted Dacron graft three years after implantation—a case report (Ohta et al). 1990;12:65-9 (Case rep.)

The effect of thromboxane receptor blockade versus thromboxane synthase inhibition on canine arterial graft patency (Bech et al). 1990;12:119-25
The effect of varying fibronectin concentration on the attachment of endothelial cells to polytetrafluoroethylene vascular grafts (Budd et al). 1990;12:126-30
End-stage renal disease—Is infrainguinal limb revascularization justified? (Harrington et al). 1990;12:689-94
Immunologic response to collagen-impregnated vascular grafts: a randomized prospective study (Barber et al). 1990;12:739-44
Mechanisms responsible for inhibition of vein-graft arteriosclerosis by fish oil (Webster). 1990;12:110-1 (Abstract)
Platelet materials interaction (Harker). 1990;12:214-6 (Special comm.)
Postoperative dilation of knitted Dacron aortic bifurcation graft (Nunn et al). 1990;12:291-7
Pulsed Doppler ultrasound system for the measurement of velocity distributions and flow disturbances in arterial prostheses (Blackshear). 1990;12:226 (Abstract)
Retrohepatic vena cava reconstruction with polytetrafluoroethylene graft (Risher et al). 1990;12:367-70

Blood vessel prosthesis, animal
Rapid cellular luminal coverage of Dacron inferior vena cava prostheses in dogs by immediate seeding of autogenous endothelial cells derived from omental tissue: results of a preliminary trial (Wang et al). 1990;12:168-79

Blood vessels, injuries
Complex upper extremity vascular trauma in an urban population (Myers et al). 1990;12:305-9

Book reviews
Book reviews. 1990;12:108-9, 222-3, 376, 507, 634-6, 762-3

Brachial artery, injuries
Surgical treatment of brachial artery injuries after cardiac catheterization (Kline et al). 1990;12:20-4

Brain, blood supply
Cerebral blood flow and metabolism in patients undergoing anesthesia for carotid endarterectomy (Bandyk). 1990;12:509-10 (Abstract)
The clinical role of the cerebral collateral circulation in carotid occlusion (Norris et al). 1990;12:113-8

C

Capillary permeability
Iloprost attenuates the increased permeability in skeletal muscle after ischemia and reperfusion (Blebea et al). 1990;12:655-64

Cardiac catheterization; *see* Heart catheterization

Cardiology
Textbook of interventional cardiology (Cutler and Weiner). 1990;12:634 (Book rev.)

Cardiopulmonary bypass
Blood contact activation during cardiopulmonary bypass (Edmunds). 1990;12:213-4 (Special comm.)

Carotid arteries, animal
Reendothelialization of isolated segments of the canine carotid artery with reference to the possible role of the adventitial vasa vasorum (Shi et al). 1990;12:476-87

Carotid arteries, injuries
Distal internal carotid exposure: a simplified technique for temporary mandibular subluxation (Dossa et al). 1990;12:319-25

Carotid arteries, surgery
Carotid endarterectomy: a ten-year analysis of outcome and cost of treatment (Maini et al). 1990;12:730-8
Carotid-subclavian bypass—a decade of experience (Perler and Williams). 1990;12:714-21
Everted cervical vein for carotid patch angioplasty (Yu et al). 1990;12:523-6
Initial clinical evaluation of carotid artery laser endarterectomy (Eugene et al). 1990;12:499-503
Material and structural characterization of human saphenous vein (Donovan et al). 1990;12:531-7

Carotid artery, internal
Distal internal carotid exposure: a simplified technique for temporary mandibular subluxation (Dossa et al). 1990;12:319-25
Unilateral sudden hearing loss as a result of anomalous carotid anatomy (Snyder). 1990;12:341-4

Carotid artery diseases
Angiogenic activity of the atherosclerotic carotid artery plaque (Turnipseed). 1990;12:378 (Abstract)
Asymptomatic high-grade internal carotid stenosis and ocular pneumoplethysmography (Gee). 1990;12:107 (Letter)
Carotid arteriosclerosis in identical twins discordant for cigarette smoking (Hallett). 1990;12:226 (Abstract)
Cerebral blood flow and metabolism in patients undergoing anesthesia for carotid endarterectomy (Bandyk). 1990;12:509-10 (Abstract)
Duplex scanning of normal or minimally diseased carotid arteries: correlation with arteriography and clinical outcome (Zierler et al). 1990;12:447-55
Late carotid restenosis: aetiologic factors for recurrent carotid artery stenosis during long-term follow-up (Welling). 1990;12:112 (Abstract)
Relation between surgeons' practice volumes and geographic variation in the rate of carotid endarterectomy (Whittemore). 1990;12:510 (Abstract)
The role of carotid screening before coronary artery bypass (Faggioli et al). 1990;12:722-9
Variability of Doppler ophthalmic pressure index with occlusive carotid artery disease (Strauss and Rieger). 1990;12:50-5

Carotid artery thrombosis
The clinical role of the cerebral collateral circulation in carotid occlusion (Norris et al). 1990;12:113-8
The role of carotid screening before coronary artery bypass (Faggioli et al). 1990;12:722-9

Carotid endarterectomy; *see* Endarterectomy

Carotid patch angioplasty; *see* Endarterectomy

Carotid-subclavian bypass; *see* Cerebral revascularization

Case reports
Case reports. 1990;12:56-72, 190-3, 558-95

Catheterization, cardiac; *see* Heart catheterization

Catheterization, central venous
The value of pulmonary artery and central venous monitoring in patients undergoing abdominal aortic reconstructive surgery: a comparative study of two selected, randomized groups (Isaacson et al). 1990;12:752-8

Catheterization, Swan-Ganz
The value of pulmonary artery and central venous monitoring in patients undergoing abdominal aortic reconstructive surgery: a comparative study of two selected, randomized groups (Isaacson et al). 1990;12:752-8

Cells, cultured
The effect of varying fibronectin concentration on the attachment of endothelial cells to polytetrafluoroethylene vascular grafts (Budd et al). 1990;12:126-30
Endothelial cell fibrinolytic assembly (Nachman and Hajjar). 1990;12:210-1 (Special comm.)
Gene transfer to endothelium (Birinyi). 1990;12:211-3 (Special comm.)
In situ cannulation, microgrid follow-up and low-density plating provide first passage endothelial cell masscultures for in vitro lining (Zilla et al). 1990;12:180-9
Rapid cellular luminal coverage of Dacron inferior vena cava prostheses in dogs by immediate seeding of autogenous endothelial cells derived from omental tissue: results of a preliminary trial (Wang et al). 1990;12:168-79
Recombinant gene expression in vivo within endothelial cells of the arterial wall (Cronenwett). 1990;12:225 (Abstract)
Seeding of intravascular stents with genetically engineered endothelial cells (Sicard). 1990;12:111-2 (Abstract)

Central venous pressure
The value of pulmonary artery and central venous monitoring in patients undergoing abdominal aortic reconstructive surgery: a comparative study of two selected, randomized groups (Isaacson et al). 1990;12:752-8
Cephalic vein transplantation; *see* **Veins, transplantation**
Cerebral blood flow; *see* **Brain, blood supply**
Cerebral ischemia
The clinical role of the cerebral collateral circulation in carotid occlusion (Norris et al). 1990;12:113-8
Cerebral revascularization
Carotid-subclavian bypass—a decade of experience (Perler and Williams). 1990;12:714-21
Cerebrovascular circulation
Cerebral blood flow and metabolism in patients undergoing anesthesia for carotid endarterectomy (Bandyk). 1990;12:509-10 (Abstract)
Cerebrovascular disorders
The influence of neutralizing heparin after carotid endarterectomy on postoperative stroke and wound hematoma (Treiman et al). 1990;12:440-6
Chelating agents
The effects of an iron chelator on cellular injury induced by vascular stasis caused by hypothermia (Iyengar et al). 1990;12:545-51
Cigarette smoking; *see* **Smoking**
Circulation; *see* **Blood circulation**
Clinical protocols
An effective treatment protocol for intraarterial drug injection (Treiman et al). 1990;12:456-66
Clot formation; *see* **Blood coagulation**
Cold
The effects of cooling on human saphenous vein reactivity to adrenergic agonists (Harker et al). 1990;12:45-9
Collagen
Immunologic response to collagen-impregnated vascular grafts: a randomized prospective study (Barber et al). 1990;12:739-44
Collateral circulation
The clinical role of the cerebral collateral circulation in carotid occlusion (Norris et al). 1990;12:113-8
Interruption of critical aortoiliac collateral circulation during nonvascular operations: a cause of limb-threatening ischemia (Dietzek et al). 1990;12:644-51
Color flow imaging; *see* **Flowmeters**
Coronary angioplasty, percutaneous transluminal; *see* **Angioplasty, transluminal, percutaneous coronary**
Coronary artery bypass
Combined coronary artery bypass grafting and bilateral renal revascularization for unstable angina and impending renal failure (McCready et al). 1990;12:241-5
The role of carotid screening before coronary artery bypass (Faggioli et al). 1990;12:722-9
Coronary artery disease; *see* **Coronary disease**
Coronary disease
Abdominal aortic aneurysm and coronary artery disease: frequent companions, but an uneasy relationship (Freeman et al). 1990;12:73-7 (Editorial)
Influence of coronary artery disease on morbidity and mortality after abdominal aortic aneurysmectomy: a population-based study, 1971-1987 (O'Mara). 1990;12:765-6 (Abstract)
Corticosteroids; *see* **Adrenal cortex hormones**
Costs and cost analysis
Carotid endarterectomy: a ten-year analysis of outcome and cost of treatment (Maini et al). 1990;12:730-8
Critical care
Techniques and procedures in critical care (Rutherford). 1990;12:507 (Book rev.)
Critical issues forum
Should vascular surgery become an independent specialty? 1990;12:605-28
Vascular surgical education. 1990;12:78-98
Cultured cells; *see* **Cells, cultured**
Curriculum
Vascular surgery residency training curriculum (Porter). 1990;12:79-83
Cyclosporins
Cyclosporine inhibits the development of medial thickening after experimental arterial injury (Wengrovitz et al). 1990;12:1-7
Cysts
Deep vein obstruction and leg swelling caused by femoral ganglion (Gale et al). 1990;12:594-5 (Case rep.)
Popliteal artery occlusion caused by cystic adventitial disease: successful treatment by urokinase followed by nonresectional cystotomy (Samson and Willis). 1990;12:591-3 (Case rep.)

D

Dacron; *see* **Polyethylene terephthalate**
Deep venous thrombosis; *see* **Thrombophlebitis**
Diabetes mellitus
Diabetes and vascular disease (Berkowitz). 1990;12:762 (Book rev.)
Radical treatment of mal perforans in diabetic patients wtih arterial insufficiency (Martin et al). 1990;12:264-8
Diabetes mellitus, insulin-dependent
The Syme amputation: success in elderly diabetic patients with palpable ankle pulses (Francis et al). 1990;12:237-40
Diabetic neuropathies
Diabetes and vascular disease (Berkowitz). 1990;12:762 (Book rev.)
Radical treatment of mal perforans in diabetic patients wtih arterial insufficiency (Martin et al). 1990;12:264-8
Dimethylpolysiloxanes
Experimental and early clinical evaluation of vascular anastomoses with argon laser fusion and the use of absorbable guy sutures: a preliminary report (White et al). 1990;12:401-8
Dipyridamole
The effect of thromboxane receptor blockade versus thromboxane synthase inhibition on canine arterial graft patency (Bech et al). 1990;12:119-25
Disseminated histoplasmosis; *see* **Histoplasmosis**
Disseminated intravascular coagulation
Anaphylactoid reactions to vascular graft material presenting with vasodilation and subsequent disseminated intravascular coagulation (Reddy). 1990;12:766 (Abstract)
Distal internal carotid exposure; *see* **Carotid artery, internal**
Doppler color-flow imaging; *see* **Flowmeters**
Doppler ophthalmic pressure index; *see* **Retinal artery occlusion, classification**
Doppler ultrasonography; *see* **Ultrasonic diagnosis**
Doppler velocimeters; *see* **Flowmeters**
Drainage, suction; *see* **Suction**
Duplex scanning; *see* **Ultrasonic diagnosis**

E

Economics, medical
Presidential address: quality assurance and medical economics: their impact on the practice of surgery (Deterling). 1990;12:639-43
Edema
Deep vein obstruction and leg swelling caused by femoral ganglion (Gale et al). 1990;12:594-5 (Case rep.)
Editorials
Editorials. 1990;12:73-7, 371-2, 497-8
Education, medical

Endarterectomy
Carotid endarterectomy: a ten-year analysis of outcome and cost of treatment (Maini et al). 1990;12:730-8
Carotid patch angioplasty: immediate and long-term results (Rosenthal et al). 1990;12:326-33
Cerebral blood flow and metabolism in patients undergoing anesthesia for carotid endarterectomy (Bandyk). 1990;12:509-10 (Abstract)
Everted cervical vein for carotid patch angioplasty (Yu et al). 1990;12:523-6
Extraperitoneal endarterectomy for iliofemoral occlusive disease (Vitale and Inahara). 1990;12:409-15
The influence of neutralizing heparin after carotid endarterectomy on postoperative stroke and wound hematoma (Treiman et al). 1990;12:440-6
Initial clinical evaluation of carotid artery laser endarterectomy (Eugene et al). 1990;12:499-503
Is routine duplex examination after carotid endarterectomy justified? (Cook et al). 1990;12:334-40
Material and structural characterization of human saphenous vein (Donovan et al). 1990;12:531-7
Reexploration for thrombosis in carotid endarterectomy (Rosenthal). 1990;12:378 (Abstract)
Relation between surgeons' practice volumes and geographic variation in the rate of carotid endarterectomy (Whittemore). 1990;12:510 (Abstract)
The role of carotid screening before coronary artery bypass (Faggioli et al). 1990;12:722-9
Transaortic endarterectomy of renal visceral artery lesions in association with infrarenal aortic surgery (Mason et al). 1990;12:695-702
Variability of Doppler ophthalmic pressure index with occlusive carotid artery disease (Strauss and Rieger). 1990;12:50-5
Endarterectomy, adverse effects
Carotid patch angioplasty: immediate and long-term results (Rosenthal et al). 1990;12:326-33
Is routine duplex examination after carotid endarterectomy justified? (Cook et al). 1990;12:334-40
Late carotid restenosis: aetiologic factors for recurrent carotid artery stenosis during long-term follow-up (Welling). 1990;12:112 (Abstract)
Malfunction of a double-balloon carotid shunt as a result of herniation of the proximal balloon (Eidt et al). 1990;12:62-4 (Case rep.)
Endothelium, vascular
The effect of varying fibronectin concentration on the attachment of endothelial cells to polytetrafluoroethylene vascular grafts (Budd et al). 1990;12:126-30
Endothelial cell fibrinolytic assembly (Nachman and Hajjar). 1990;12:210-1 (Special comm.)
Endothelial cells can synthesize leukotriene B_4 (Nolan et al). 1990;12:298-304
Gene transfer to endothelium (Birinyi). 1990;12:211-3 (Special comm.)
In situ cannulation, microgrid follow-up and low-density plating provide first passage endothelial cell masscultures for in vitro lining (Zilla et al). 1990;12:180-9
Recombinant gene expression in vivo within endothelial cells of the arterial wall (Cronenwett). 1990;12:225 (Abstract)
Seeding of intravascular stents with genetically engineered endothelial cells (Sicard). 1990;12:111-2 (Abstract)
Endothelium, vascular, animal
Endothelium-dependent vasorelaxations in response to aggregating platelets are impaired in reversed vein grafts (Komori et al). 1990;12:139-47
Rapid cellular luminal coverage of Dacron inferior vena cava prostheses in dogs by immediate seeding of autogenous endothelial cells derived from omental tissue: results of a preliminary trial (Wang et al). 1990;12:168-79
Reendothelialization of isolated segments of the canine carotid artery with reference to the possible role of the adventitial vasa vasorum (Shi et al). 1990;12:476-87
Equipment design
Evolution of hook design for fixation of the titanium Greenfield filter (Greenfield et al). 1990;12:345-53
Errors, surgical; *see* **Malpractice**
Esophageal fistula
Primary aortoesophageal fistula from aortic aneurysm: successful surgical treatment by use of omental pedicle graft (Coselli and Crawford). 1990;12:269-77
Exercise therapy
Effects of exercise training on common femoral artery blood flow in patients with intermittent claudication (Seeger). 1990;12:224 (Abstract)
Extremities; *see also* **Arm**; **Leg**
An atlas of surgical exposures of the upper extremity (Timmons). 1990;12:763 (Book rev.)
Clinical spectrum of symptomatic external iliac fibromuscular dysplasia (Sauer et al). 1990;12:488-96
An effective treatment protocol for intraarterial drug injection (Treiman et al). 1990;12:456-66
Extended vein graft donation from a single lower extremity (Schulman and Schulman). 1990;12:631-2 (Letter)
Indications for distal arterial reconstruction in the presence of palpable pedal pulses (Rivers et al). 1990;12:552-7
Indirect revascularization of the lower extremity by means of microvascular free-muscle flap—a preliminary report (Shestak et al). 1990;12:581-5 (Case rep.)
Interruption of critical aortoiliac collateral circulation during nonvascular operations: a cause of limb-threatening ischemia (Dietzek et al). 1990;12:644-51
Le Sauvetage des Membres en Ischemie Critique (Ramadan). 1990;12:634-5 (Book rev.)

Extremities; *see also* **Arm; Leg—cont'd**
Lupus-like anticoagulants and lower extremity arterial occlusive disease (Ricotta). 1990;12:509 (Abstract)

F

Factor XII
Blood contact activation during cardiopulmonary bypass (Edmunds). 1990;12:213-4 (Special comm.)
Fatty acids, omega-3
Mechanisms responsible for inhibition of vein-graft arteriosclerosis by fish oil (Webster). 1990;12:110-1 (Abstract)
Femoral artery
Effects of exercise training on common femoral artery blood flow in patients with intermittent claudication (Seeger). 1990;12:224 (Abstract)
Prophylactic closed suction drainage of femoral wounds in patients undergoing vascular reconstruction (Stansby et al) (Letter); (Healy) (Reply). 1990;12:218-9
A rapid, accurate, noninvasive technique for diagnosing critical and subcritical stenoses in aortoiliac arteries (Sawchuk et al). 1990;12:158-67
Femoral artery, surgery
Angiographic criteria for prediction of early graft failure of secondary infrainguinal bypass surgery (Karacagil et al). 1990;12:131-8
Clinical results of axillobifemoral bypass using externally supported polytetrafluoroethylene (Harris et al). 1990;12:416-21
Composite femoropopliteal bypass: a new method of centered end-to-end anastomosis between polytetrafluoroethylene and autologous vein with a diameter discrepancy (Merlini). 1990;12:759-60 (Letter)
Femur fracture with limb shortening causing occlusion of a polytetrafluoroethylene femoral popliteal graft (Ellenhorn et al). 1990;12:558-60 (Case rep.)
Fluorescence-guided laser-assisted balloon angioplasty in patients with femoropopliteal occlusions (White). 1990;12:637 (Abstract)
Significance and management of inflow gradients unexpectedly generated after femorofemoral, femoropopliteal, and femoroinfrapopliteal bypass grafting (Gupta et al). 1990;12:278-83
Femoral fractures
Femur fracture with limb shortening causing occlusion of a polytetrafluoroethylene femoral popliteal graft (Ellenhorn et al). 1990;12:558-60 (Case rep.)
Femoral ganglion; *see* **Ganglia**
Femoral vein
The importance of routine surveillance of distal bypass grafts with duplex scanning: a study of 379 reversed vein grafts (Mills et al). 1990;12:379-89
The use of composite grafts in femorocrural bypasses performed for limb salvage: a review of 108 consecutive cases and comparison with 57 in situ saphenous vein bypasses (Feinberg et al). 1990;12:257-63
Femorofemoral bypass; *see* **Femoral artery, surgery**
Femoroinfrapopliteal bypass; *see* **Femoral artery, surgery; Popliteal artery, surgery**
Femoropopliteal bypass; *see* **Femoral artery, surgery; Popliteal artery, surgery**
Fibrinolysis
Clinical aspects of hypercoagulable states (Towne). 1990;12:205-7 (Special comm.)
Endothelial cell fibrinolytic assembly (Nachman and Hajjar). 1990;12:210-1 (Special comm.)
Fibromuscular dysplasia
Clinical spectrum of symptomatic external iliac fibromuscular dysplasia (Sauer et al). 1990;12:488-96
Etiologic factors in renovascular fibromuscular dysplasia: a case-control study (O'Hara). 1990;12:764-5 (Abstract)
Fibronectins
The effect of varying fibronectin concentration on the attachment of endothelial cells to polytetrafluoroethylene vascular grafts (Budd et al). 1990;12:126-30
Fish oils
Mechanisms responsible for inhibition of vein-graft arteriosclerosis by fish oil (Webster). 1990;12:110-1 (Abstract)
Fistula
Primary aortoesophageal fistula from aortic aneurysm: successful surgical treatment by use of omental pedicle graft (Coselli and Crawford). 1990;12:269-77
Unusual aspects of aortovenous fistulas associated with ruptured abdominal aortic aneurysms (Calligaro et al). 1990;12:586-90 (Case rep.)
Fistula, arteriovenous; *see* **Arteriovenous fistula**
Flaps, surgical; *see* **Surgical flaps**
Flowmeters
Doppler color-flow images from a stenosed arterial model: interpretation of low patterns (Rittgers and Shu). 1990;12:511-22
Implantable sensor for intraoperative and postoperative monitoring of blood flow: a preliminary report (Rabinovitz et al). 1990;12:148-57
The importance of routine surveillance of distal bypass grafts with duplex scanning: a study of 379 reversed vein grafts (Mills et al). 1990;12:379-89
Initial experience with color-flow duplex scanning of infrainguinal bypass grafts (Londrey et al). 1990;12:284-90
Pulsed Doppler ultrasound system for the measurement of velocity distributions and flow disturbances in arterial prostheses (Blackshear). 1990;12:226 (Abstract)
A rapid, accurate, noninvasive technique for diagnosing critical and subcritical stenoses in aortoiliac arteries (Sawchuk et al). 1990;12:158-67
Visualization and finite element analysis of pulsatile flow in models of the abdominal aortic aneurysm (Lawrence). 1990;12:638 (Abstract)
Foot, blood supply
Foot salvage and improvement of microvascular blood flow as a result of epidural spinal cord electrical stimulation (Jacobs et al). 1990;12:354-60
The Syme amputation: success in elderly diabetic patients with palpable ankle pulses (Francis et al). 1990;12:237-40
Free-muscle flap; *see* **Surgical flaps**
Free radicals
The effects of an iron chelator on cellular injury induced by vascular stasis caused by hypothermia (Iyengar et al). 1990;12:545-51

G

Ganglia
Deep vein obstruction and leg swelling caused by femoral ganglion (Gale et al). 1990;12:594-5 (Case rep.)
Gene transfer; *see* **Transfection**
Genetically engineered endothelial cells; *see* **Cells, cultured**
Glutaraldehyde
A clinicopathologic study of aneurysm formation of glutaraldehyde-tanned human umbilical vein grafts (Dardik and Turner) (Letter); (Miyata and Tada) (Reply). 1990;12:221-2
Graft occlusion, vascular
Femur fracture with limb shortening causing occlusion of a polytetrafluoroethylene femoral popliteal graft (Ellenhorn et al). 1990;12:558-60 (Case rep.)
Hemodynamic characteristics of failing infrainguinal in situ vein bypass (Chang et al). 1990;12:596-600
The importance of routine surveillance of distal bypass grafts with duplex scanning: a study of 379 reversed vein grafts (Mills et al). 1990;12:379-89
Initial experience with color-flow duplex scanning of infrainguinal bypass grafts (Londrey et al). 1990;12:284-90

Steady and pulsatile flow fields in an end-to-side arterial anastomosis model (Ojha et al). 1990;12:745-51

Graft survival
Angiographic criteria for prediction of early graft failure of secondary infrainguinal bypass surgery (Karacagil et al). 1990;12:131-8
Clinical results of axillobifemoral bypass using externally supported polytetrafluoroethylene (Harris et al). 1990;12:416-21
Disruption of externally supported knitted Dacron graft three years after implantation—a case report (Ohta et al). 1990;12:65-9 (Case rep.)
The fate of residual saphenous vein after partial removal or ligation (Rutherford et al). 1990;12:422-8
Mechanisms responsible for inhibition of vein-graft arteriosclerosis by fish oil (Webster). 1990;12:110-1 (Abstract)

Greenfield filter; *see* **Micropore filters**

H

Hearing loss
Unilateral sudden hearing loss as a result of anomalous carotid anatomy (Snyder). 1990;12:341-4

Heart
Physical examination of the heart and circulation, 2nd ed. (Blebea). 1990;12:109 (Book rev.)

Heart atrium
Repositioning of partially dislodged Greenfield filters from the right atrium by use of a tip deflection wire (Patterson et al). 1990;12:70-2 (Case rep.)

Heart catheterization
Postcatheterization vascular complications associated with percutaneous transluminal coronary angioplasty (Oweida et al). 1990;12:310-5
Surgical treatment of brachial artery injuries after cardiac catheterization (Kline et al). 1990;12:20-4

Heart diseases
Diseases of the heart (Harper). 1990;12:376 (Book rev.)

Hematoma
The influence of neutralizing heparin after carotid endarterectomy on postoperative stroke and wound hematoma (Treiman et al). 1990;12:440-6

Hematuria
Hematuria is an indication of rupture of an abdominal aortic aneurysm into the vena cava (Salo et al). 1990;12:41-4

Hemodynamics
Hemodynamic characteristics of failing infrainguinal in situ vein bypass (Chang et al). 1990;12:596-600
Steady and pulsatile flow fields in an end-to-side arterial anastomosis model (Ojha et al). 1990;12:745-51

Hemorrhage
Intraabdominal hemorrhage as a result of segmental mediolytic arteritis of an omental artery: case report (Heritz et al). 1990;12:561-5 (Case rep.)

Hemorrhage, postpartum; *see* **Postpartum hemorrhage**

Heparin
Antithrombin III plus low-dose heparin in prophylaxis of deep vein thrombosis after total hip and total knee replacement (Francis). 1990;12:209-10(Special comm.)
Clinical aspects of hypercoagulable states (Towne). 1990;12:205-7 (Special comm.)
Effect of heparin on adaptation of vein grafts to arterial circulation (O'Mara). 1990;12:377 (Abstract)
The influence of neutralizing heparin after carotid endarterectomy on postoperative stroke and wound hematoma (Treiman et al). 1990;12:440-6

Heparin, low molecular weight
Treatment of acute venous thromboembolism with low molecular weight heparin (fragmin) (Durham). 1990;12:224-5 (Abstract)

Hip prosthesis
Antithrombin III plus low-dose heparin in prophylaxis of deep vein thrombosis after total hip and total knee replacement (Francis). 1990;12:209-10(Special comm.)

Hirudin
Hirudin: a specific thrombin inhibitor (Chesebro). 1990;12:201-3 (Special comm.)

Histoplasmosis
Disseminated histoplasmosis wtih embolic endovascular complications: a case report (Berman et al). 1990;12:577-80 (Case rep.)

Hypercoagulable states; *see* **Blood coagulation disorders**

Hyperplasia
Efficacy of corticosteroids in suppression of intimal hyperplasia (Gilling-Smith and Mansfield) (Letter); (Moore and Chervu) (Reply). 1990;12:632-3
Steady and pulsatile flow fields in an end-to-side arterial anastomosis model (Ojha et al). 1990;12:745-51

Hypertension, renal
Combined aortic and visceral arterial reconstruction: risks and results (Atnip et al). 1990;12:703-13

Hypertension, renovascular
Prospective analysis of strategies for diagnosing renovascular hypertension (String). 1990;12:508 (Abstract)
Renal duplex sonography: evaluation of clinical utility (Hansen et al). 1990;12:227-36

Hypothermia
The effects of cooling on human saphenous vein reactivity to adrenergic agonists (Harker et al). 1990;12:45-9

Hypothermia, induced, animal
The effects of an iron chelator on cellular injury induced by vascular stasis caused by hypothermia (Iyengar et al). 1990;12:545-51

Hypoxia; *see* **Anoxia**

I

Iatrogenic disease
Iatrogenic vascular injury: a discourse on surgical technique (Brophy). 1990;12:762-3 (Book rev.)

Iliac artery
Clinical spectrum of symptomatic external iliac fibromuscular dysplasia (Sauer et al). 1990;12:488-96
Infected solitary iliac artery aneurysm (Asplund and Molinaro). 1990;12:219-20 (Letter)
A rapid, accurate, noninvasive technique for diagnosing critical and subcritical stenoses in aortoiliac arteries (Sawchuk et al). 1990;12:158-67
Syndrome de la fesse battante. (Pulsatile buttock syndrome) (Ricco). 1990;12:110 (Abstract)

Iloprost
Iloprost attenuates the increased permeability in skeletal muscle after ischemia and reperfusion (Blebea et al). 1990;12:655-64

Immune tolerance
Immunologic response to collagen-impregnated vascular grafts: a randomized prospective study (Barber et al). 1990;12:739-44

Inferior vena cava; *see* **Vena cava, inferior**

Inflow gradients; *see* **Blood pressure**

Infrainguinal artery
End-stage renal disease—Is infrainguinal limb revascularization justified? (Harrington et al). 1990;12:689-94
Initial experience with color-flow duplex scanning of infrainguinal bypass grafts (Londrey et al). 1990;12:284-90

Infrainguinal revascularization; *see* **Blood vessel prosthesis**

Innominate artery, surgery
Carotid-subclavian bypass—a decade of experience (Perler and Williams). 1990;12:714-21

Insulin-dependent diabetes; *see* **Diabetes mellitus, insulin-dependent**

Intermittent claudication
Effects of exercise training on common femoral artery blood

Intermittent claudication—cont'd
flow in patients with intermittent claudication (Seeger). 1990;12:224 (Abstract)
Internship and residency; *see also* **Education, medical, graduate**
Minimizing problems between vascular trainees and general surgery residents (Barnes). 1990;12:91-4
Vascular surgery residency training curriculum (Porter). 1990;12:79-83
Interventional radiology; *see* **Radiology, interventional**
Intra-arterial drug injection; *see* **Substance abuse**
Intraabdominal hemorrhage; *see* **Hemorrhage**
Intrainguinal vein graft; *see* **Veins, transplantation**
Intraoperative care
Implantable sensor for intraoperative and postoperative monitoring of blood flow: a preliminary report (Rabinovitz et al). 1990;12:148-57
Intraoperative thrombolysis (Comerota). 1990;12:197-9 (Special comm.)
Intravascular stents; *see* **Stents**
Iron chelates
The effects of an iron chelator on cellular injury induced by vascular stasis caused by hypothermia (Iyengar et al). 1990;12:545-51
Ischemia
Clinical spectrum of symptomatic external iliac fibromuscular dysplasia (Sauer et al). 1990;12:488-96
The effect of ischemia/reperfusion on adenine nucleotide metabolism and xanthine oxidase production in skeletal muscle (Lindsay et al). 1990;12:8-15
An effective treatment protocol for intraarterial drug injection (Treiman et al). 1990;12:456-66
Interruption of critical aortoiliac collateral circulation during nonvascular operations: a cause of limb-threatening ischemia (Dietzek et al). 1990;12:644-51
Le Sauvetage des Membres en Ischemie Critique (Ramadan). 1990;12:634-5 (Book rev.)
Peripheral vascular disease—rheologic variables during controlled ischemia (Baker). 1990;12:111 (Abstract)
Ischemia, animal
Iloprost attenuates the increased permeability in skeletal muscle after ischemia and reperfusion (Blebea et al). 1990;12:655-64

J

Jugular veins, tranplantation, animal
Endothelium-dependent vasorelaxations in response to aggregating platelets are impaired in reversed vein grafts (Komori et al). 1990;12:139-47

K

Kidney, cystic
Abdominal aortic aneurysm associated with aortic hypoplasia and polycystic kidneys (Goeau-Brissonniere et al). 1990;12:504-5 (Letter)
Kidney failure, acute
Combined coronary artery bypass grafting and bilateral renal revascularization for unstable angina and impending renal failure (McCready et al). 1990;12:241-5
Kininase III
Inhibitors of angiotensin-converting enzyme prevent myointimal proliferation after vascular injury (Ouriel). 1990;12:225-6 (Abstract)
Knee, surgery
Antithrombin III plus low-dose heparin in prophylaxis of deep vein thrombosis after total hip and total knee replacement (Francis). 1990;12:209-10(Special comm.)

L

Laboratories, hospital
Accreditation of vascular laboratories (Kempczinski et al). 1990;12:629-30 (Special corr.)
Laser surgery
Expanded indications for laser-assisted balloon angioplasty in peripheral arterial disease (Diethrich) (Letter); (Harrington et al) (Reply). 1990;12:760-1
Fluorescence-guided laser-assisted balloon angioplasty in patients with femoropopliteal occlusions (White). 1990;12:637 (Abstract)
Initial clinical evaluation of carotid artery laser endarterectomy (Eugene et al). 1990;12:499-503
Intraoperative peripheral Nd:YAG laser-assisted thermal balloon angioplasty: short-term and intermediate-term follow-up (AbuRahma et al). 1990;12:566-72 (Case rep.)
Laser surgery, animal
Experimental and early clinical evaluation of vascular anastomoses with argon laser fusion and the use of absorbable guy sutures: a preliminary report (White et al). 1990;12:401-8
Leg; *see also* **Extremities**
Clinical spectrum of symptomatic external iliac fibromuscular dysplasia (Sauer et al). 1990;12:488-96
Deep vein obstruction and leg swelling caused by femoral ganglion (Gale et al). 1990;12:594-5 (Case rep.)
Indications for distal arterial reconstruction in the presence of palpable pedal pulses (Rivers et al). 1990;12:552-7
Indirect revascularization of the lower extremity by means of microvascular free-muscle flap—a preliminary report (Shestak et al). 1990;12:581-5 (Case rep.)
Lupus-like anticoagulants and lower extremity arterial occlusive disease (Ricotta). 1990;12:509 (Abstract)
Leg, blood supply
Foot salvage and improvement of microvascular blood flow as a result of epidural spinal cord electrical stimulation (Jacobs et al). 1990;12:354-60
The use of composite grafts in femorocrural bypasses performed for limb salvage: a review of 108 consecutive cases and comparison with 57 in situ saphenous vein bypasses (Feinberg et al). 1990;12:257-63
Leg ulcer
Indirect revascularization of the lower extremity by means of microvascular free-muscle flap—a preliminary report (Shestak et al). 1990;12:581-5 (Case rep.)
Length of stay
Carotid endarterectomy: a ten-year analysis of outcome and cost of treatment (Maini et al). 1990;12:730-8
Letters to the editors
Letters to the editors. 1990;12:105-7, 218-21, 373-5, 504-6, 631-3, 759-61
Leukotrienes B
Endothelial cells can synthesize leukotriene B_4 (Nolan et al). 1990;12:298-304
Ligation
Strain gauge plethysmography in the assessment of venous reflux after subfascial closure of perforating veins: a prospective study of twenty patients (Perhoniemi et al). 1990;12:34-7
Low molecular weight heparin; *see* **Heparin, low molecular weight**

M

Mal perforans; *see* **Metatarsus, physiopathology**
Malpractice
A surgeon's primer of errors (Dale). 1990;12:99-104
Mandible, surgery
Distal internal carotid exposure: a simplified technique for temporary mandibular subluxation (Dossa et al). 1990;12:319-25
Mandibular subluxation, temporary; *see* **Mandible, surgery**
Medical economics; *see* **Economics, medical**
Medical residency; *see* **Internship and residency**
Medical specialties; *see* **Specialties, medical**
Mesenteric arteries, surgery
Combined aortic and visceral arterial reconstruction: risks and results (Atnip et al). 1990;12:703-13

Metatarsus, physiopathology
Radical treatment of mal perforans in diabetic patients wtih arterial insufficiency (Martin et al). 1990;12:264-8
Methiothepin
Endothelium-dependent vasorelaxations in response to aggregating platelets are impaired in reversed vein grafts (Komori et al). 1990;12:139-47
Micropore filters
Errant percutaneous Greenfield filter placement into the retroperitoneum (Adye et al). 1990;12:60-1 (Case rep.)
Evolution of hook design for fixation of the titanium Greenfield filter (Greenfield et al). 1990;12:345-53
Extended indications for placement of an inferior vena cava filter (Kniemeyer and Sandmann) (Letter); (Rohrer et al) (Reply). 1990;12:105-7
Recurrent pulmonary embolism after inferior vena caval interruption with a Greenfield filter (Cutler). 1990;12:508-9 (Abstract)
Repositioning of partially dislodged Greenfield filters from the right atrium by use of a tip deflection wire (Patterson et al). 1990;12:70-2 (Case rep.)
Microscopy
Angioscopy guided semiclosed technique for in situ bypass (LaMuraglia et al). 1990;12:601-4 (Tech. note)
Microsurgery
Does the end-to-end venous anastomosis offer a functional advantage over the end-to-side venous anastomosis in high-output arteriovenous grafts? (Fillinger et al). 1990;12:674-88
Models, cardiovascular
Doppler color-flow images from a stenosed arterial model: interpretation of low patterns (Rittgers and Shu). 1990;12:511-22
Morbidity
Influence of coronary artery disease on morbidity and mortality after abdominal aortic aneurysmectomy: a population-based study, 1971-1987 (O'Mara). 1990;12:765-6 (Abstract)
Mortality
Influence of coronary artery disease on morbidity and mortality after abdominal aortic aneurysmectomy: a population-based study, 1971-1987 (O'Mara). 1990;12:765-6 (Abstract)
Muscles
The effect of ischemia/reperfusion on adenine nucleotide metabolism and xanthine oxidase production in skeletal muscle (Lindsay et al). 1990;12:8-15
Muscles, animal
Iloprost attenuates the increased permeability in skeletal muscle after ischemia and reperfusion (Blebea et al). 1990;12:655-64
Muscles, blood supply, animal
One hundred percent oxygen reverses muscle hypoxia in a rat hindlimb model of acute arterial occlusion (Schroder et al). 1990;12:665-73
Myocardial infarction
Safety of peripheral vascular surgery after recent acute myocardial infarction (Yang) (Letter); (Rivers) (Reply). 1990;12:506
Myocardial revascularization
Combined coronary artery bypass grafting and bilateral renal revascularization for unstable angina and impending renal failure (McCready et al). 1990;12:241-5

N

Necrosis
The effect of ischemia/reperfusion on adenine nucleotide metabolism and xanthine oxidase production in skeletal muscle (Lindsay et al). 1990;12:8-15
Necrotic foot; *see* **Foot, blood supply**
Neoplasm circulating cells
Disseminated histoplasmosis wtih embolic endovascular complications: a case report (Berman et al). 1990;12:577-80 (Case rep.)
Neovascularization
Angiogenic activity of the atherosclerotic carotid artery plaque (Turnipseed). 1990;12:378 (Abstract)
Nitroprusside
Effect of sodium nitroprusside on spinal cord perfusion and paraplegia during aortic cross clamping (Williams). 1990;12:637-8 (Abstract)
Norepinephrine
The effects of cooling on human saphenous vein reactivity to adrenergic agonists (Harker et al). 1990;12:45-9

O

Occlusive carotid artery disease; *see* **Carotid artery diseases**
Ocular pneumoplethysmography; *see* **Plethysmography**
Omega 3 fatty acids; *see* **Fatty acids, omega-3**
Omentum
Intraabdominal hemorrhage as a result of segmental mediolytic arteritis of an omental artery: case report (Heritz et al). 1990;12:561-5 (Case rep.)
Primary aortoesophageal fistula from aortic aneurysm: successful surgical treatment by use of omental pedicle graft (Coselli and Crawford). 1990;12:269-77
Rapid cellular luminal coverage of Dacron inferior vena cava prostheses in dogs by immediate seeding of autogenous endothelial cells derived from omental tissue: results of a preliminary trial (Wang et al). 1990;12:168-79
Ovarian artery aneurysm; *see* **Aneurysm**
Oxygen
One hundred percent oxygen reverses muscle hypoxia in a rat hindlimb model of acute arterial occlusion (Schroder et al). 1990;12:665-73

P

Paraplegia
Effect of sodium nitroprusside on spinal cord perfusion and paraplegia during aortic cross clamping (Williams). 1990;12:637-8 (Abstract)
Pedal pulses; *see* **Pulse**
Percutaneous transluminal coronary angioplasty; *see* **Angioplasty, transluminal, percutaneous coronary**
Peripheral vascular diseases; *see* **Vascular diseases**
Physical examination
Physical examination of the heart and circulation, 2nd ed. (Blebea). 1990;12:109 (Book rev.)
Physician's practice patterns
A plea for truth in advertising (Perler). 1990;12:373-4 (Letter)
Relation between surgeons' practice volumes and geographic variation in the rate of carotid endarterectomy (Whittemore). 1990;12:510 (Abstract)
Plaque; *see* **Atherosclerosis**
Plasma proteins; *see* **Blood proteins**
Plasminogen activators, tissue-type
New developments in thrombolytic therapy (Collen). 1990;12:194-5 (Special comm.)
Recombinant human tissue-type plasminogen activator is an effective agent for thrombolysis of peripheral arteries and bypass grafts: a preliminary report (Dawson et al) (Letter); (Krupski) (Reply). 1990;12:374-5
Thrombolytic agents in venous thrombosis (Turpie). 1990;12:196-7 (Special comm.)
Thrombolytic therapy in perspective (Harris and Porter). 1990;12:199-201 (Special comm.)
Platelet activation
The role of plasma proteins in platelet activation by artificial surfaces (Lindon). 1990;12:216-7 (Special comm.)
Platelet aggregation
Endothelium-dependent vasorelaxations in response to aggregating platelets are impaired in reversed vein grafts (Komori et al). 1990;12:139-47

Platelet aggregation inhibitors
Thromboxane inhibition and vascular thrombosis (Cronenwett). 1990;12:203-5 (Special comm.)
Platelets; *see* **Blood platelets**
Plethysmography
Asymptomatic high-grade internal carotid stenosis and ocular pneumoplethysmography (Gee). 1990;12:107 (Letter)
Strain gauge plethysmography in the assessment of venous reflux after subfascial closure of perforating veins: a prospective study of twenty patients (Perhoniemi et al). 1990;12:34-7
Polycystic kidney; *see* **Kidney, cystic**
Polydimethylsiloxane; *see* **Dimethylpolysiloxanes**
Polyethylene terephthalate
Disruption of externally supported knitted Dacron graft three years after implantation—a case report (Ohta et al). 1990;12:65-9 (Case rep.)
Immunologic response to collagen-impregnated vascular grafts: a randomized prospective study (Barber et al). 1990;12:739-44
Postoperative dilation of knitted Dacron aortic bifurcation graft (Nunn et al). 1990;12:291-7
Rapid cellular luminal coverage of Dacron inferior vena cava prostheses in dogs by immediate seeding of autogenous endothelial cells derived from omental tissue: results of a preliminary trial (Wang et al). 1990;12:168-79
Polytetrafluoroethylene
Clinical results of axillobifemoral bypass using externally supported polytetrafluoroethylene (Harris et al). 1990;12:416-21
Composite femoropopliteal bypass: a new method of centered end-to-end anastomosis between polytetrafluoroethylene and autologous vein with a diameter discrepancy (Merlini). 1990;12:759-60 (Letter)
The effect of varying fibronectin concentration on the attachment of endothelial cells to polytetrafluoroethylene vascular grafts (Budd et al). 1990;12:126-30
End-stage renal disease—Is infrainguinal limb revascularization justified? (Harrington et al). 1990;12:689-94
Retrohepatic vena cava reconstruction with polytetrafluoroethylene graft (Risher et al). 1990;12:367-70
The use of composite grafts in femorocrural bypasses performed for limb salvage: a review of 108 consecutive cases and comparison with 57 in situ saphenous vein bypasses (Feinberg et al). 1990;12:257-63
Popliteal artery
Popliteal artery agenesis: a new anatomic variant (Neville et al). 1990;12:573-6 (Case rep.)
Popliteal artery occlusion caused by cystic adventitial disease: successful treatment by urokinase followed by nonresectional cystotomy (Samson and Willis). 1990;12:591-3 (Case rep.)
Popliteal artery, surgery
Angiographic criteria for prediction of early graft failure of secondary infrainguinal bypass surgery (Karacagil et al). 1990;12:131-8
Composite femoropopliteal bypass: a new method of centered end-to-end anastomosis between polytetrafluoroethylene and autologous vein with a diameter discrepancy (Merlini). 1990;12:759-60 (Letter)
Femur fracture with limb shortening causing occlusion of a polytetrafluoroethylene femoral popliteal graft (Ellenhorn et al). 1990;12:558-60 (Case rep.)
Fluorescence-guided laser-assisted balloon angioplasty in patients with femoropopliteal occlusions (White). 1990;12:637 (Abstract)
Significance and management of inflow gradients unexpectedly generated after femorofemoral, femoropopliteal, and femoroinfrapopliteal bypass grafting (Gupta et al). 1990;12:278-83
Popliteal vein
The importance of routine surveillance of distal bypass grafts with duplex scanning: a study of 379 reversed vein grafts (Mills et al). 1990;12:379-89
Primary popliteal venous aneurysm with recurrent pulmonary emboli (Grice et al). 1990;12:316-8
Postoperative care
Implantable sensor for intraoperative and postoperative monitoring of blood flow: a preliminary report (Rabinovitz et al). 1990;12:148-57
Postoperative complications
The influence of neutralizing heparin after carotid endarterectomy on postoperative stroke and wound hematoma (Treiman et al). 1990;12:440-6
Postpartum hemorrhage
Ruptured ovarian artery aneurysm: a case report (King). 1990;12:190-3 (Case rep.)
Prazosin
The effects of cooling on human saphenous vein reactivity to adrenergic agonists (Harker et al). 1990;12:45-9
Presidential address
Presidential address. 1990;12:639-43
Professional practice
A surgeon's primer of errors (Dale). 1990;12:99-104
Prostaglandins X, analogs
Iloprost attenuates the increased permeability in skeletal muscle after ischemia and reperfusion (Blebea et al). 1990;12:655-64
Protein C
Clinical aspects of hypercoagulable states (Towne). 1990;12:205-7 (Special comm.)
Protein S
Free protein S deficiency in a family with venous thrombosis (Lauer et al). 1990;12:541-4
Pulmonary artery catheter; *see* **Catheterization, Swan-Ganz**
Pulmonary embolism
Errant percutaneous Greenfield filter placement into the retroperitoneum (Adye et al). 1990;12:60-1 (Case rep.)
Primary popliteal venous aneurysm with recurrent pulmonary emboli (Grice et al). 1990;12:316-8
Recurrent pulmonary embolism after inferior vena caval interruption with a Greenfield filter (Cutler). 1990;12:508-9 (Abstract)
Pulmonary wedge pressure
The value of pulmonary artery and central venous monitoring in patients undergoing abdominal aortic reconstructive surgery: a comparative study of two selected, randomized groups (Isaacson et al). 1990;12:752-8
Pulsatile flow
Steady and pulsatile flow fields in an end-to-side arterial anastomosis model (Ojha et al). 1990;12:745-51
Syndrome de la fesse battante. (Pulsatile buttock syndrome) (Ricco). 1990;12:110 (Abstract)
Visualization and finite element analysis of pulsatile flow in models of the abdominal aortic aneurysm (Lawrence). 1990;12:638 (Abstract)
Pulse
Indications for distal arterial reconstruction in the presence of palpable pedal pulses (Rivers et al). 1990;12:552-7

Q

Quality assurance, health care
Presidential address: quality assurance and medical economics: their impact on the practice of surgery (Deterling). 1990;12:639-43

R

Radiology, interventional
Emergency interventional radiology (Lossing). 1990;12:635-6 (Book rev.)
Rauwolscine; *see* **Yohimbine**

Recombination, genetic
Recombinant gene expression in vivo within endothelial cells of the arterial wall (Cronenwett). 1990;12:225 (Abstract)
Reendotheliazation; *see* Endothelium, vascular
Renal artery
Combined aortic and visceral arterial reconstruction: risks and results (Atnip et al). 1990;12:703-13
Transaortic endarterectomy of renal visceral artery lesions in association with infrarenal aortic surgery (Mason et al). 1990;12:695-702
Renal artery obstruction
Retrograde aortic dissection with bilateral renal artery occlusion after repair of infrarenal aortic aneurysm (Strichartz et al). 1990;12:56-9 (Case rep.)
Renal artery stenosis
Combined coronary artery bypass grafting and bilateral renal revascularization for unstable angina and impending renal failure (McCready et al). 1990;12:241-5
Renal duplex sonography; *see* Ultrasonic diagnosis
Renal failure, acute
End-stage renal disease—Is infrainguinal limb revascularization justified? (Harrington et al). 1990;12:689-94
Renovascular fibromuscular dysplasia; *see* Fibromuscular dysplasia
Renovascular hypertension; *see* Hypertension, renovascular
Reperfusion
The effect of ischemia/reperfusion on adenine nucleotide metabolism and xanthine oxidase production in skeletal muscle (Lindsay et al). 1990;12:8-15
Reperfusion injury
The effect of ischemia/reperfusion on adenine nucleotide metabolism and xanthine oxidase production in skeletal muscle (Lindsay et al). 1990;12:8-15
Research
Research and research funding in vascular surgery (Yao). 1990;12:84-90
Residency, medical; *see* Internship and residency
Retinal artery occlusion, classification
Variability of Doppler ophthalmic pressure index with occlusive carotid artery disease (Strauss and Rieger). 1990;12:50-5
Retrohepatic vena cava reconstruction; *see* Vena cava, surgery
Retroperitoneal space
Errant percutaneous Greenfield filter placement into the retroperitoneum (Adye et al). 1990;12:60-1 (Case rep.)
Retrospective studies
Carotid patch angioplasty: immediate and long-term results (Rosenthal et al). 1990;12:326-33
Risk factors
Safety of peripheral vascular surgery after recent acute myocardial infarction (Yang) (Letter); (Rivers) (Reply). 1990;12:506
Rupture
Hematuria is an indication of rupture of an abdominal aortic aneurysm into the vena cava (Salo et al). 1990;12:41-4
Ruptured ovarian artery aneurysm: a case report (King). 1990;12:190-3 (Case rep.)

S

Safety
Safety of peripheral vascular surgery after recent acute myocardial infarction (Yang) (Letter); (Rivers) (Reply). 1990;12:506
Salmonella
Abdominal aortic aneurysms infected with salmonella: problems of treatment (Trairatvorakul et al). 1990;12:16-9
Saphenous vein
Composite femoropopliteal bypass: a new method of centered end-to-end anastomosis between polytetrafluoroethylene and autologous vein with a diameter discrepancy (Merlini). 1990;12:759-60 (Letter)
The effects of cooling on human saphenous vein reactivity to adrenergic agonists (Harker et al). 1990;12:45-9
Extended vein graft donation from a single lower extremity (Schulman and Schulman). 1990;12:631-2 (Letter)
The fate of residual saphenous vein after partial removal or ligation (Rutherford et al). 1990;12:422-8
Material and structural characterization of human saphenous vein (Donovan et al). 1990;12:531-7
The use of composite grafts in femorocrural bypasses performed for limb salvage: a review of 108 consecutive cases and comparison with 57 in situ saphenous vein bypasses (Feinberg et al). 1990;12:257-63
Serotonin
Endothelium-dependent vasorelaxations in response to aggregating platelets are impaired in reversed vein grafts (Komori et al). 1990;12:139-47
Skin ulcer
Radical treatment of mal perforans in diabetic patients wtih arterial insufficiency (Martin et al). 1990;12:264-8
Smoking
Carotid arteriosclerosis in identical twins discordant for cigarette smoking (Hallett). 1990;12:226 (Abstract)
Sodium nitroprusside; *see* Nitroprusside
Special communication
Special communication. 1990;12:194-217
Special correspondence to the editors
Special correspondence to the editors. 1990;12:99-104, 629-30
Specialties, medical
Minimizing problems between vascular trainees and general surgery residents (Barnes). 1990;12:91-4
Perspectives from the Residency Review Committee (Friedmann). 1990;12:607-10 (Critical issues forum)
Should vascular surgery become an independent specialty? (DeWeese). 1990;12:605-6 (Critical issues forum)
Should vascular surgery become an independent specialty? Implications of data about operative experience (Wheeler). 1990;12:619-28 (Critical issues forum)
Should vascular surgery become an independent specialty? Perspective of a program chairman and Residency Review Committee member (Barnes). 1990;12:615-8 (Critical issues forum)
Vascular surgery—a specialty of surgery (Sheldon). 1990;12:611-4 (Critical issues forum)
Vascular surgical training of general surgeons (Ernst). 1990;12:95-8
Specialty boards
Should vascular surgery become an independent specialty? Implications of data about operative experience (Wheeler). 1990;12:619-28 (Critical issues forum)
Spinal cord
Effect of sodium nitroprusside on spinal cord perfusion and paraplegia during aortic cross clamping (Williams). 1990;12:637-8 (Abstract)
Spinal cord electrical stimulation; *see* Electric stimulation therapy
Staplers; *see* Surgical staplers
Stenoses, aortoiliac; *see* Arterial occlusive diseases
Stenoses, arterial; *see* Arterial occlusive diseases
Stents
Seeding of intravascular stents with genetically engineered endothelial cells (Sicard). 1990;12:111-2 (Abstract)
Strain gauge plethysmography; *see* Plethysmography
Streptokinase
Intraoperative thrombolysis (Comerota). 1990;12:197-9 (Special comm.)
Thrombolytic agents in venous thrombosis (Turpie). 1990;12:196-7 (Special comm.)
Thrombolytic therapy in perspective (Harris and Porter). 1990;12:199-201 (Special comm.)
Stroke; *see* Cerebrovascular disorders

Subclavian artery, surgery
Carotid-subclavian bypass—a decade of experience (Perler and Williams). 1990;12:714-21
Substance abuse
An effective treatment protocol for intraarterial drug injection (Treiman et al). 1990;12:456-66
Suction
Prophylactic closed suction drainage of femoral wounds in patients undergoing vascular reconstruction (Stansby et al) (Letter); (Healy) (Reply). 1990;12:218-9
Sudden hearing loss; *see* **Hearing loss**
Surgery, operative
An atlas of surgical exposures of the upper extremity (Timmons). 1990;12:763 (Book rev.)
Iatrogenic vascular injury: a discourse on surgical technique (Brophy). 1990;12:762-3 (Book rev.)
Surgical anastomosis; *see* **Anastomosis, surgical**
Surgical flaps
Indirect revascularization of the lower extremity by means of microvascular free-muscle flap—a preliminary report (Shestak et al). 1990;12:581-5 (Case rep.)
Surgical staplers
Occlusive vascular stapling in a canine inferior vena cava model (Lurie et al). 1990;12:38-40
Surgical technique; *see* **Surgery, operative**
Sutures
Experimental and early clinical evaluation of vascular anastomoses with argon laser fusion and the use of absorbable guy sutures: a preliminary report (White et al). 1990;12:401-8
Swan-Ganz catheter; *see* **Catheterization, Swan-Ganz**
Syme amputation; *see* **Amputation**

T

Takayasu syndrome
Surgical procedures in the management of Takayasu's ateritis (Weaver et al). 1990;12:429-39
Technical note
Technical note. 1990;12:601-4
Temporary mendibular subluxation; *see* **Mandible, surgery**
Thoracic outlet syndrome
Recurrent thoracic outlet syndrome (Sanders et al). 1990;12:390-400
The treatment of thoracic outlet syndrome: a comparison of different operations (Machleder) (Letter); (Sanders and Pearce) (Reply). 1990;12:220-1
Thrombin
Thrombin after clot formation (Fenton and Ofosu). 1990;12:195-6 (Special comm.)
Thromboembolism
Treatment of acute venous thromboembolism with low molecular weight heparin (fragmin) (Durham). 1990;12:224-5 (Abstract)
Thrombolytic therapy
Hirudin: a specific thrombin inhibitor (Chesebro). 1990;12:201-3 (Special comm.)
Intraoperative thrombolysis (Comerota). 1990;12:197-9 (Special comm.)
New developments in thrombolytic therapy (Collen). 1990;12:194-5 (Special comm.)
Popliteal artery occlusion caused by cystic adventitial disease: successful treatment by urokinase followed by nonresectional cystotomy (Samson and Willis). 1990;12:591-3 (Case rep.)
Recombinant human tissue-type plasminogen activator is an effective agent for thrombolysis of peripheral arteries and bypass grafts: a preliminary report (Dawson et al) (Letter); (Krupski) (Reply). 1990;12:374-5
Thrombolytic agents in venous thrombosis (Turpie). 1990;12:196-7 (Special comm.)
Thrombolytic therapy in perspective (Harris and Porter). 1990;12:199-201 (Special comm.)
Thrombophlebitis
Antithrombin III plus low-dose heparin in prophylaxis of deep vein thrombosis after total hip and total knee replacement (Francis). 1990;12:209-10 (Special comm.)
Deep vein obstruction and leg swelling caused by femoral ganglion (Gale et al). 1990;12:594-5 (Case rep.)
Free protein S deficiency in a family with venous thrombosis (Lauer et al). 1990;12:541-4
Prevention of deep vein thrombosis in potential neurosurgical patients (Ouriel). 1990;12:377-8 (Abstract)
Propagation of deep venous thrombosis identified by duplex ultrasonography (Krupski et al). 1990;12:467-75
Surgical thrombectomy versus conservative treatment for deep venous thrombosis; functional comparison of long-term results (Dalsing). 1990;12:764 (Abstract)
Thrombolytic agents in venous thrombosis (Turpie). 1990;12:196-7 (Special comm.)
Thrombus propagation and level of anticoagulation (Strandness). 1990;12:497-8 (Editorial)
Thrombosis
Clinical aspects of hypercoagulable states (Towne). 1990;12:205-7 (Special comm.)
The effect of thromboxane receptor blockade versus thromboxane synthase inhibition on canine arterial graft patency (Bech et al). 1990;12:119-25
Hypercoagulability in arterial thrombosis: new perspectives from epidemiologic studies (Wu). 1990;12:208 (Special comm.)
One hundred percent oxygen reverses muscle hypoxia in a rat hindlimb model of acute arterial occlusion (Schroder et al). 1990;12:665-73
Reexploration for thrombosis in carotid endarterectomy (Rosenthal). 1990;12:378 (Abstract)
Thromboxane inhibition and vascular thrombosis (Cronenwett). 1990;12:203-5 (Special comm.)
Thrombus propagation and level of anticoagulation (Strandness). 1990;12:497-8 (Editorial)
Thromboxane synthetase, antagonists or inhibitors
The effect of thromboxane receptor blockade versus thromboxane synthase inhibition on canine arterial graft patency (Bech et al). 1990;12:119-25
Thromboxane inhibition and vascular thrombosis (Cronenwett). 1990;12:203-5 (Special comm.)
Thromboxanes
The effect of thromboxane receptor blockade versus thromboxane synthase inhibition on canine arterial graft patency (Bech et al). 1990;12:119-25
Thromboxane inhibition and vascular thrombosis (Cronenwett). 1990;12:203-5 (Special comm.)
Tissue survival
An effective treatment protocol for intraarterial drug injection (Treiman et al). 1990;12:456-66
Titanium
Evolution of hook design for fixation of the titanium Greenfield filter (Greenfield et al). 1990;12:345-53
Toes
Clinical spectrum of symptomatic external iliac fibromuscular dysplasia (Sauer et al). 1990;12:488-96
Tomography, x-ray computed
The value of computed tomography in the management of symtomatic abdominal aortic aneurysms (Kvilekval et al). 1990;12:28-33
Transfection
Gene transfer to endothelium (Birinyi). 1990;12:211-3 (Special comm.)
Transluminal angioplasty; *see* **Angioplasty, transluminal**
Transluminal coronary angioplasty, percutaneous; *see* **Angioplasty, transluminal, percutaneous coronary**
Transplantation, autologous
Angiographic criteria for prediction of early graft failure of

secondary infrainguinal bypass surgery (Karacagil et al). 1990;12:131-8
Angioscopy guided semiclosed technique for in situ bypass (LaMuraglia et al). 1990;12:601-4 (Tech. note)
A clinicopathologic study of aneurysm formation of glutaraldehyde-tanned human umbilical vein grafts (Dardik and Turner) (Letter); (Miyata and Tada) (Reply). 1990;12:221-2
Composite femoropopliteal bypass: a new method of centered end-to-end anastomosis between polytetrafluoroethylene and autologous vein with a diameter discrepancy (Merlini). 1990;12:759-60 (Letter)
Effect of heparin on adaptation of vein grafts to arterial circulation (O'Mara). 1990;12:377 (Abstract)
End-stage renal disease—Is infrainguinal limb revascularization justified? (Harrington et al). 1990;12:689-94
Everted cervical vein for carotid patch angioplasty (Yu et al). 1990;12:523-6
Extended vein graft donation from a single lower extremity (Schulman and Schulman). 1990;12:631-2 (Letter)
The fate of residual saphenous vein after partial removal or ligation (Rutherford et al). 1990;12:422-8
Hemodynamic characteristics of failing infrainguinal in situ vein bypass (Chang et al). 1990;12:596-600
The importance of routine surveillance of distal bypass grafts with duplex scanning: a study of 379 reversed vein grafts (Mills et al). 1990;12:379-89
Material and structural characterization of human saphenous vein (Donovan et al). 1990;12:531-7
The use of composite grafts in femorocrural bypasses performed for limb salvage: a review of 108 consecutive cases and comparison with 57 in situ saphenous vein bypasses (Feinberg et al). 1990;12:257-63

Transplantation, autologous, animal
An animal model for instructing and the study of in situ arterial bypass (Saifi et al). 1990;12:538-40
Endothelium-dependent vasorelaxations in response to aggregating platelets are impaired in reversed vein grafts (Komori et al). 1990;12:139-47

Transplantation, homologous, animal
Factors affecting patency of venous allografts in miniature swine (Stevens et al). 1990;12:361-6

Tumor embolism; *see* **Neoplasm circulating cells**

Twins
Carotid arteriosclerosis in identical twins discordant for cigarette smoking (Hallett). 1990;12:226 (Abstract)

U

Ultrasonic diagnosis
Doppler color-flow images from a stenosed arterial model: interpretation of low patterns (Rittgers and Shu). 1990;12:511-22
Duplex scanning of normal or minimally diseased carotid arteries: correlation with arteriography and clinical outcome (Zierler et al). 1990;12:447-55
Implantable sensor for intraoperative and postoperative monitoring of blood flow: a preliminary report (Rabinovitz et al). 1990;12:148-57
Initial experience with color-flow duplex scanning of infrainguinal bypass grafts (Londrey et al). 1990;12:284-90
Is routine duplex examination after carotid endarterectomy justified? (Cook et al). 1990;12:334-40
Propagation of deep venous thrombosis identified by duplex ultrasonography (Krupski et al). 1990;12:467-75
Pulsed Doppler ultrasound system for the measurement of velocity distributions and flow disturbances in arterial prostheses (Blackshear). 1990;12:226 (Abstract)
A rapid, accurate, noninvasive technique for diagnosing critical and subcritical stenoses in aortoiliac arteries (Sawchuk et al). 1990;12:158-67
Renal duplex sonography: evaluation of clinical utility (Hansen et al). 1990;12:227-36
Strain gauge plethysmography in the assessment of venous reflux after subfascial closure of perforating veins: a prospective study of twenty patients (Perhoniemi et al). 1990;12:34-7

Umbilical veins, transplantation
A clinicopathologic study of aneurysm formation of glutaraldehyde-tanned human umbilical vein grafts (Dardik and Turner) (Letter); (Miyata and Tada) (Reply). 1990;12:221-2
The use of composite grafts in femorocrural bypasses performed for limb salvage: a review of 108 consecutive cases and comparison with 57 in situ saphenous vein bypasses (Feinberg et al). 1990;12:257-63

Unilateral hearing loss; *see* **Hearing loss**

Unstable angina; *see* **Angina, unstable**

Upper extremity; *see* **Arm**

Urinary tract
Atheroemboli to the lower urinary tract: a marker of atherosclerotic vascular disease—a case report (Sussman et al). 1990;12:652-4

Urokinase
Intraoperative thrombolysis (Comerota). 1990;12:197-9 (Special comm.)
Popliteal artery occlusion caused by cystic adventitial disease: successful treatment by urokinase followed by nonresectional cystotomy (Samson and Willis). 1990;12:591-3 (Case rep.)
Thrombolytic agents in venous thrombosis (Turpie). 1990;12:196-7 (Special comm.)
Thrombolytic therapy in perspective (Harris and Porter). 1990;12:199-201 (Special comm.)

Urologic neoplasms
Atheroemboli to the lower urinary tract: a marker of atherosclerotic vascular disease—a case report (Sussman et al). 1990;12:652-4

V

Vasa vasorum, animal
Reendothelialization of isolated segments of the canine carotid artery with reference to the possible role of the adventitial vasa vasorum (Shi et al). 1990;12:476-87

Vascular diseases
Peripheral vascular disease—rheologic variables during controlled ischemia (Baker). 1990;12:111 (Abstract)

Vascular endothelium; *see* **Endothelium, vascular**

Vascular laboratories; *see* **Laboratories, hospital**

Vascular permeability; *see* **Capillary permeability**

Vascular stapling; *see* **Surgical staplers**

Vascular surgery
Anesthesia for vascular surgery (Sprague). 1990;12:507 (Book rev.)
Atlas of surgical techniques (Minor and Oller). 1990;12:223 (Book rev.)
Critical issues forum: vascular surgical education—introduction (Ernst). 1990;12:78
Current critical problems in vascular surgery (Richardson). 1990;12:108 (Book rev.)
A history of vascular surgery (Rich). 1990;12:223 (Book rev.)
Minimizing problems between vascular trainees and general surgery residents (Barnes). 1990;12:91-4
Perspectives from the Residency Review Committee (Friedmann). 1990;12:607-10 (Critical issues forum)
Research and research funding in vascular surgery (Yao). 1990;12:84-90
Should vascular surgery become an independent specialty? (DeWeese). 1990;12:605-6 (Critical issues forum)
Should vascular surgery become an independent specialty? Implications of data about operative experience (Wheeler). 1990;12:619-28 (Critical issues forum)
Should vascular surgery become an independent specialty? Perspective of a program chairman and Residency Review Com-

Vascular surgery—cont'd
mittee member (Barnes). 1990;12:615-8 (Critical issues forum)
A surgeon's primer of errors (Dale). 1990;12:99-104
Vascular surgery, 3rd ed. (Garrett). 1990;12:108-9 (Book rev.)
Vascular surgery residency training curriculum (Porter). 1990;12:79-83
Vascular surgery—a specialty of surgery (Sheldon). 1990;12:611-4 (Critical issues forum)
Vascular surgical training of general surgeons (Ernst). 1990;12:95-8
Vascular trauma; *see* **Blood vessels, injuries**
Vasodilation
Anaphylactoid reactions to vascular graft material presenting with vasodilation and subsequent disseminated intravascular coagulation (Reddy). 1990;12:766 (Abstract)
Veins, physiology
The return of blood to the heart (Sottiurai). 1990;12:376 (Book rev.)
Veins, surgery
Strain gauge plethysmography in the assessment of venous reflux after subfascial closure of perforating veins: a prospective study of twenty patients (Perhoniemi et al). 1990;12:34-7
Veins, transplantation
Angioscopy guided semiclosed technique for in situ bypass (LaMuraglia et al). 1990;12:601-4 (Tech. note)
Composite femoropopliteal bypass: a new method of centered end-to-end anastomosis between polytetrafluoroethylene and autologous vein with a diameter discrepancy (Merlini). 1990;12:759-60 (Letter)
Effect of heparin on adaptation of vein grafts to arterial circulation (O'Mara). 1990;12:377 (Abstract)
End-stage renal disease—Is infrainguinal limb revascularization justified? (Harrington et al). 1990;12:689-94
Everted cervical vein for carotid patch angioplasty (Yu et al). 1990;12:523-6
Extended vein graft donation from a single lower extremity (Schulman and Schulman). 1990;12:631-2 (Letter)
Hemodynamic characteristics of failing infrainguinal in situ vein bypass (Chang et al). 1990;12:596-600
The importance of routine surveillance of distal bypass grafts with duplex scanning: a study of 379 reversed vein grafts (Mills et al). 1990;12:379-89
Veins, transplantation, animal
An animal model for instructing and the study of in situ arterial bypass (Saifi et al). 1990;12:538-40
Endothelium-dependent vasorelaxations in response to aggregating platelets are impaired in reversed vein grafts (Komori et al). 1990;12:139-47
Factors affecting patency of venous allografts in miniature swine (Stevens et al). 1990;12:361-6
Vena cava, inferior
Aneurysms of the inferior vena cava (Sweeney et al). 1990;12:25-7
Extended indications for placement of an inferior vena cava filter (Knienieyer and Sandmann) (Letter); (Rohrer et al) (Reply). 1990;12:105-7
Inflammatory abdominal aortic aneurysm masquerading as occlusion of the inferior vena cava (Braxton et al). 1990;12:527-30
Recurrent pulmonary embolism after inferior vena caval interruption with a Greenfield filter (Cutler). 1990;12:508-9 (Abstract)
Vena cava, inferior, animal
Occlusive vascular stapling in a canine inferior vena cava model (Lurie et al). 1990;12:38-40
Rapid cellular luminal coverage of Dacron inferior vena cava prostheses in dogs by immediate seeding of autogenous endothelial cells derived from omental tissue: results of a preliminary trial (Wang et al). 1990;12:168-79
Vena cava, surgery
Retrohepatic vena cava reconstruction with polytetrafluoroethylene graft (Risher et al). 1990;12:367-70
Venous insufficiency
The return of blood to the heart (Sottiurai). 1990;12:376 (Book rev.)
Strain gauge plethysmography in the assessment of venous reflux after subfascial closure of perforating veins: a prospective study of twenty patients (Perhoniemi et al). 1990;12:34-7
Viscera, blood supply
Combined aortic and visceral arterial reconstruction: risks and results (Atnip et al). 1990;12:703-13

W

Wound infection
Prophylactic closed suction drainage of femoral wounds in patients undergoing vascular reconstruction (Stansby et al) (Letter); (Healy) (Reply). 1990;12:218-9
Wounds and injuries
Complex upper extremity vascular trauma in an urban population (Myers et al). 1990;12:305-9

X

Xanthine oxidase
The effect of ischemia/reperfusion on adenine nucleotide metabolism and xanthine oxidase production in skeletal muscle (Lindsay et al). 1990;12:8-15

Y

Yohimbine
The effects of cooling on human saphenous vein reactivity to adrenergic agonists (Harker et al). 1990;12:45-9
